

Bug ID

BUG-001

Title

Remove all items function does not remove selected products from Shopping List

Module

Shopping List

Feature

Remove items from Shopping List

Severity

High

Priority

High

Environment

- Windows 11 Pro
- Google Chrome (latest version)
- URL: <https://www.aldi.us>

Preconditions

- In-Store shopping mode is selected.
- User has a registered ALDI account.
- At least 1 Product is added to the Shopping List

Steps to Reproduce

Step	Action
1	Open Shopping List containing one or more products.
2	Select all products in the Shopping List.
3	Click on the "Manage" option.
4	Click on "Remove all items" .

Expected Result

- All selected products are removed from the Shopping List.
- Shopping List becomes empty.
- Shopping List counter is updated accordingly.
- User is returned to an empty Shopping List state.

Actual Result

- Selected products remain in the Shopping List after clicking **"Remove all items"**.
- Shopping List counter is not updated.

Impact

Users are unable to clear their Shopping List, which may result in outdated or unwanted products remaining in their saved list.

Title

Remove all items function does not remove selected products from Shopping List

Module

Shopping List

Feature

Remove items from Shopping List

Severity

High

Priority

High

Preconditions

- In-Store shopping mode is selected.
- User has a registered ALDI account.
- At lease 1 Product is added to the Shopping List

Steps to Reproduce

Steps	Actions
1	Log in to Aldi account as user
2	Shopping List contains at least 1 valid products

3	Log out from Aldi account
4	Test homepage: Shopping List is empty
5	Test Shopping list shows Shopping List is empty
6	Log back in to Aldi account
7	Test homepage: Shopping List shows products present
8	Test Shopping list shows Shopping List contains products

Expected Result

- This is a possible bug
- If this is not correct behavior, then user should see previously added product elements to shopping list after successful log-out and log-in as well

Actual Result

- After log-out products added to Shopping List will disappear

Impact

Users can't find their collected items after logging out of their account
